## PROFILE

Dynamic and motivated recent Computer Science graduate with a passion for full stack development. Successfully completed multiple projects, demonstrating proficiency in web development, problem-solving, and teamwork. Eager to apply my skills and learn from experienced professionals in either an internship or full-time role, where I can contribute to innovative solutions and further refine my technical abilities. Driven by a commitment to excellence and continuous learning, I am ready to take on challenges and make a meaningful impact in the tech industry.
